Holi is the time to unwind de-stress and bond with sweets and colours. Come let's rejuvenate by immersing ourselves in the colors of joy, happiness and laughter! Holi is a festival of color. This is the most popular Hindu Festival which is celebrated at the beginning of the year.

An art activity has been organized for students of Prangan on the topic- Colours Of Holi.

Students should bring their own art materials. Sheets will be provided by the school. Students are free to use any medium of their choice i.e. crayons, oil pastels, pencil colours or poster colours, acrylic color set etc.

Suggestions- Children can draw anything related to the topic 'Holi'....

- *Creating awareness amongst people about the various harmful effects around Holi celebrations and encourage people to celebrate an eco friendly Holi!*
- *Play Tilak Holi.*
- *Giving message to to save water this Holi.*

Colored powders can also be used to create powder paintings (similar to sand paintings)

So don't wait, pick up your brush and get ready to have fun with colours.....
