## 'BOUQUET OF HAPPINESS'

-

**“Every child is a different kind of flower, and all together make this world a beautiful garden”.**

**Like children, flowers also make everyone happy; they are sunshine, medicine and food to the soul. God’s smile is reflected through flowers. To share the joy of Spring ,an activity on Bouquet of Happiness will be conducted on 3<sup>rd</sup> March 2017. The aim of the activity is to enhance the creative talent of the students , to make the best use of waste and inculcate the spirit of team work through group activity.**

### **Activity Plan**

**Children will be divided into four groups by the class teacher.**

#### **Grade 2**

**Group 1 & 2 – Bouquet with fresh flowers**

**Group 3 & 4 - Bouquet with dry flowers**

## Grade 3 ,4& 5

Group 1 - Bouquet with fresh flowers

Group 2 - Bouquet with dry flowers

Group 3 - Bouquet with different vegetables and vegetable peels

Group 4 - Bouquet with different fruits and fruit peels

### Prior Preparation

The students shall be acquainted with the art of making various flower arrangements through visual mode using smart boards. They shall be shown videos and images explaining in detail about flower arrangements.
