

World Sparrow Day celebrated

Students of Prangan, the junior block of the school, celebrated World Sparrow Day to spread awareness about this chirpy little bird, which is fast vanishing from the cities. The entrance to the block was turned into a gallery of posters prepared by the students on this theme. They collected leaves and

twigs from around the campus to make a nest for the birds. On this occasion, a painting competition was also organised at the Regional Museum of Natural History, where Vitul Shubh Modi of Class V-A bagged the first prize and Arnav Jain of V-D and Bhavishya Acharya of V-B won consolation prizes.
