

Career Guidance Program at TSVS in association with 'Mindler'

Dear Parents / Guardians,

Greetings of the season!

Choosing and pursuing the right career path is one of the key decisions every student needs to make. Adopting a scientific approach which is well researched and thought through is critical for making this decision. The pace at which careers are evolving and traditional career paths are losing the edge, it is essential that students increase their awareness and take decisions which are future proof!

As an initiative towards helping students, The Sanskaar Valley School has introduced a career guidance program with 'Mindler' (www.mindler.com) which has developed the World's Most Advanced Career Guidance Platform. 'Mindler' helps students discover their unique potential which helps them make an apt career choice through assessment and activities! The comprehensive career guidance eco-system subscribed by the school, is aimed at empowering students to make well-informed career decisions. What makes this platform unique is the blend of machine learning with strategic human interventions, aiding students to choose the best-suited career path.

- **About 'Mindler' (www.mindler.com):**

'Mindler' is a venture run by alumni from Harvard, ISB, IIT and world's leading psychometrician and enables students discover their unique potential to take well-informed career decisions. A technology enabled eco-system for career planning, 'Mindler' leverages technology, research, machine learning and algorithms to minimize the human bias in career decision making process.

Awarded and recognized by Ministry of Science & Technology - Govt. of India, National Career Development Association (USA), Asia Pacific Career Development Association, Economic Times, ISB Hyderabad and CIIE at IIM-Ahmedabad, 'Mindler' is currently working with some of the leading schools/ institutes across the country.
