

# International Round Square Service Project 2018

## King's Academy, Jordan

Dear Parents,

Greetings from The Sanskaar Valley School!

We take great pride in informing you that The **Round Square International Conference 2014** which was hosted by The Sanskaar Valley School was appreciated and applauded for by all the 51 schools from five continents and twenty two different countries which attended the conference. Our school is the third school in the country to host this conference. The memories of hospitality, warmth and detailed attention will be cherished for life by all delegates.

Being a proactive member of the Round Square Organization, we incorporate the ideals of the organization which include Internationalism, Democracy, Environment, Adventure, Leadership and Service in our curriculum. We also encourage participation of our student in conferences, service projects and exchange programs organized by member schools of the Round Square Organization.

**International Service Projects bring together students from across the world to work on a project for 2-3 weeks as a truly international team. The work they do is simple, of real local value and physically demanding.**

**King's Academy, in collaboration with Habitat for Humanity International in Jordan, is offering an opportunity to participate in a hands-on service project taking place in Ajloun, Jordan from April 1 to 7, 2018.**

The project work includes carrying building materials, mixing mortar, laying bricks and bending rebar. The teams will spend three nights at a community center in the village. The service project will also include a sightseeing trip to Petra, one of Jordan's most famous historic sites, the capital city Amman, the Dead Sea, and Ajloun Castle, as well as a nature hike through Ajloun Forest Reserve.

This project has been specially designed for Round Square students looking to participate in a unique International Service project and are aged over 16, and returning to their school after the trip. This project will offer you the opportunity to make new friends, grow as a leader, and experience a new culture and to give back to a community.

This experience is the perfect balance between working on your service project and experiencing the local culture and having fun with your new friends from all over the world.
